Dear Ms. Malinski,

The Department has reviewed the information provided in the registration application for the following water treatment system(s) and determined that the requirements for **INITIAL** registration have been met:

**Manufacturer**  
**Enpress, LLC**

**Iowa Manufacturer Number**  
**10171**

**System Name, Model #**  
**CTA0840BBxxP5-04Cyyy**

**Iowa Registration Number (WTD#)**  
**20854**

Please refer to the registration number in any correspondence regarding the listed system(s).

**The above listed registration will expire June 30, 2019. The registration must be renewed between March 1 and May 31, 2019.**

Attached is a copy of the registration summary listing the model name, model number, trade names under which the system is sold, health related contaminants claimed to be reduced and the date of initial registration. **Please let me know if there are any errors.**

You are required to notify the department if you plan to make any changes in the performance data sheet, in the design of the water treatment device or in the trade names under which the model is sold. If you are going to retest the product in order to add claims to remove more health related contaminants, a new protocol and laboratory approval will be required. You are also asked to notify the department if there is a change in the business name, address or contact person.

Please contact me if you have any questions.

Sincerely,
