

212 – Series Solenoid Valve Kits

ASCO 212 – Series Solenoid Valves are high quality valves specifically designed for water purification systems. Ideal for use in mid-size reverse osmosis systems,

ASCO 212 – Series Solenoid Valves are easy to install, service and are available in 1/2", 3/4" and 1" FNPT sizes.

Features

- Modular Design with FasN™ Technology, the World's First Universal Connection System
- Up to 150 psi and 180°F
- Increased Reliability: Up to 1 Million Cycles
- Low Power Coils 6.3 WAC
- Normally Closed Operation

Product Specifications	
Part Number	Item Description
210459	KIT, SOLENOID, 1/2" FPT, 110V, W/DIN AND 2 METER CORD, 212, AXEON
210460	KIT, SOLENOID, 1/2" FPT, 220V, W/DIN AND 2 METER CORD, 212, AXEON
210461	KIT, SOLENOID, 1/2" FPT, 24V, W/DIN AND 2 METER CORD, 212, AXEON
210462	KIT, SOLENOID, 3/4" FPT, 120V, W/DIN AND 2 METER CORD, 212, AXEON
210463	KIT, SOLENOID, 3/4" FPT, 220V, W/DIN AND 2 METER CORD, 212, AXEON
210464	KIT, SOLENOID, 3/4" FPT, 24V, W/DIN AND 2 METER CORD, 212, AXEON
210465	KIT, SOLENOID, 1" FPT, 120V, W/DIN AND 2 METER CORD, 212, AXEON
210466	KIT, SOLENOID, 1" FPT, 220V, W/DIN AND 2 METER CORD, 212, AXEON
210467	KIT, SOLENOID, 1" FPT, 24V, W/DIN AND 2 METER CORD, 212, AXEON
